

Wednesday, April 26, 2023, ONLY

For this, the 20th Anniversary of Jeep Beach, Soundcrafters, Daytona's Car Audio Powerhouse, along with Certified Judges of the International Auto Sound Challenge Association, will produce the annual "Jeep Beats" Sound Competition and "JeepGlo" lighting competition. Held right on the Midway at the Daytona International Speedway on International Speedway Blvd.

Two distinct judging events will take place: Jeep Beats, JeepGlo.

On the Sound side, "Jeep Beats" awards winners in three positions, 1st, 2nd, and 3rd places. Due to the uniqueness of the Jeep's acoustical environment as it relates to sound, three classifications were created to make judging fair and consistent. The classifications are: HARD TOP – SOFT TOP and OPEN TOP. Points are scored for: Sound Quality, Tonal Accuracy, System Safety and SPL (Sound Pressure Level). Judging is performed by IASCA Certified Judges.

For the Lighting Competition, "JeepGlo" is a competition that evaluates the Jeep's auxiliary accent lighting (non-factory) in both interior and exterior schemes. The use of any type of light source to enhance esthetic appeal or highlight a system or feature of the Jeep is considered. Also, the overall safety and integrity of the installation are considered while judging. Classifications are structured as INTERIOR – EXTERIOR and BEST OF SHOW.

Participants are advised that extreme sound emanating from any Jeep can interfere with the judging process, so competitors are restricted from playing their systems at exorbitant levels. Once placed in the judging lanes, vehicles are not permitted to move due to Fire Marshal regulation for spectator safety and egress.

Competitors may enter the judging lanes at the entrance on Speedway Blvd. opposite **1DAYTONA Complex as early as 3:00pm** on Wednesday, April 26th.

As Jeep Beach is a Family friendly event Participants are forbidden from playing music and or showing videos with explicit lyrics and other displays of indecent exposures. Violators will be dismissed from the show without recourse.

You must be registered for this years Jeep Beach to purchase this add-on.
